Fishers' Local Ecological Knowledge (LEK) on Connectivity ...

As García-Quijano (2007) stated: "fishers' knowledge and experience are based on thousands of hours "sampling" local ecosystems with their fishing gear" and hence the lack of connectivity knowledge in mangrove habitats is likely due to the lack of "sampling" this habitat with their fishing gear.

Fishers' perception of a multiple-use marine protected ...

Some fishers were also recruited from community members' suggestions of specific fishers that used certain gear types, or had position and knowledge within the community. Interviews were conducted in the community centre, on the beach, at fish landing sites, or outside fishers' homes.

Matching Fishers' Knowledge and Landing Data to Overcome ...

Background. In small-scale fishery, information provided by fishers has been useful to complement current and past lack of knowledge on species and environment.

Local knowledge and training towards management - SpringerLink

The foraging behavior of riverine and coastal fishers from the Amazon and the Atlantic Forest coast. Paper presented at the XIV International Meeting of the Society for Human Ecology, Bar Harbor, Maine, unpublished.
